

# **FAMILY TREE HEALING**

## **A Family Deliverance Prayer**

Loving Father, we come before You with grateful hearts praising and thanking You for having called us to pray for the healing of our family and relationships. We come with humble and contrite hearts for ourselves, and for all the people we bring with us in spirit for vicarious healing, pleading to be set free of intergenerational bondages to sin, sickness, and weakness that continue to destroy our families, that block the flow of your graces to our family bloodlines and keep us away from You. Today and all the days in our future, we place ourselves under Your Most Precious Blood. We also ask for the intercession of Mary, our Blessed Mother, and all the angels and saints to pray for us and with us as we lift up to You all our special petitions. Let the cleansing waters of our Baptism flow back through all the roots of our family tree and bloodlines. Let the live-giving blood of Your Son, Jesus, flow through every generation, through all our parents, grandparents and ancestor, to all our children and their descendants, touching, healing, and making each member whole.

We ask for Your grace and strength to rebuke all sin and forces of evil that lead us to sin. We ask for Your spirit of revelation to work within us to help reveal all our hidden sins and sins in our family bloodlines. We beg for Your mercy and forgiveness as we repent for all our past and present sins and those of our fathers, forefathers and ancestors. We now place the cross of Jesus Christ between ourselves and every generation in our bloodline and we break the transfer of all life-suppressing forces working against us, in us and through us.

We now take authority in the name of Jesus Christ, over all familial spirits, all generational bondages and their manifestations within our lives, all hereditary defects, genetic or of blood, and all wrong inclinations and destructive patterns that may have been transmitted to us from within our family tree or within spiritual families to which we belong, including the defects within our Church that may have personally affected us. Transform us and all our family members, Lord, so that we may seek, know, and follow Your Will in our lives. Strengthen us to remain faithful to You always. In the Holy Name of Your Son, Jesus, by His power and for His love, we break the power of evil over ourselves and our families and destroy what otherwise might be transmitted to our descendants. We claim Your complete victory in our lives and all family bloodlines. We claim Your total and permanent healing and deliverance of our family members and our ancestors from all ancestral bondages and destructive patterns. All these we pray in Jesus' name. Amen.
